Well, I'm going to be straight I'm **NOT** fluent in neither Japanse nor English (you should already guess where this is leading to).
I'm going to **RUIN** this episode.
There ~~will be~~ **ARE** mistranslations, you have been forewarned...

You may/may not know about furigana.
These are reading aid that can be used in many different ways:

1. As real reading aid
2. Made-up words with kanji as illustration
3. Characters real thought (Based on nihongoresources)

Ex: You say "Friend" but the kanji used is "Demon". Pretty interesting, right?
I'm going to use * and point out somewhere the kanji used.

And now, some changes! What? You thought I was feeling like a teacher and said all those things with no ulterior motive? Guess what, you were wrong.

| | |
|---|---|
| Kill | Toruen |
| Unsheathe | Riff |
| Combat Stance/Fight | Libeora |
| Cuifa | Kuifa |
| Livia | **R**ivia |

Please, remember this lil vocab. for a smooth reading of my craplation.
If you haven't noticed *rolls eyes* I've changed the "L" of Livia to an "R". "Why?" you asked?
Because ~~I felt like it~~ in the last volume there's a little profile of some characters and it was written like that, so I will take it as canon regardless if it was an error or was meant to be like that.
Though it would have been nice if he did it with all the characters so I didn't had to crapscribe some names... *Looks at the twins* =/

And! Remember stop reading my craplation after 3-5 pages, because trust me it won't get any better (my craplation), do your eyes a favor and stop reading it, your eyes will be happier and healthier that way.

Also the most important thing, if you aren't reading this from Batoto then you're been ripped off quality-wise. As much as+you like to watch those 720/1080 BD-rip anime, you should also read manga with the highest quality available. And the only time when you must read elsewhere is only if the scanlator group is hosting the manga or when Batoto doesn't host a manga (licensed, too mature, etc.)

Damn, wall of text.
I bet not a single person would even read my boring credit page.

*Wilfredo Yau Chan*

IF THINGS AROUND HERE ARE FINE, THEN THE SCABBARD WILL BE TRANSFERED TO A DIFFERENT PLACE WHERE HIS POWER IS NEEDED.
LET'S SEE...
IF THE SCABBARD OF THIS PLACE IS FOUND?
BECAUSE SCABBARD S TRUE NATURE IS TO SEEK HARMONY IN HIS EXISTENCE.
SURELY YOU THINK I UNDER-STAND YOUR PERSUA-SION.
THERE ARE ALSO CASES LIKE THAT.
